Subject: Forest Service Extension, Kimmerle Mining LLC, Pine Ridge Mine, S/037/0120, San Juan County, Utah

Dear Mr. Mr. Kimmerle:

On November 17, 2010, the Division received an email from Joel Nowak of the US Forest Service saying the Forest Service is willing to extend your plan until next season allowing only such operations as were permitted in 2008.

The reclamation surety for this small mine operation was escalated three years, so an extension beyond 2011 will require an increase in the surety amount and a Forest Service extension.

The annual report (form MR-AR-SMO) will be due January 31, 2011. A copy of this form is available on the Division's web site at https://fs.ogm.utah.gov/pub/mines/minerals_related/forms/MR-AR-SMO.pdf. Please let us know if you need a hard copy of this form.

Thank you for your cooperation. Please contact me at 801-538-5261 or Tom Munson at 801-538-5321 if you have questions about this letter.

Sincerely,

Paul Baker
Minerals Program Manager
Minerals Regulatory Program
